

Design Thinking Challenge — Helping Teens Tackle Clutter

Name: _____

Part 1: Divergent Thinking (Brainstorm Ideas)

Task: List as many ideas as you can for products that help teenagers clean up their clutter.
Be creative — no idea is too wild!

Idea Number	My Clutter-Cleanup Product Idea
1	A wall-mounted magnetic strip for keys and small metal objects.
2	
3	
4	
5	
6	

Part 2: Creative Thinking (Adapt or Combine)

Pick 1 or 2 ideas from above. How could you change or combine them to make a new, better product? Describe or sketch below.

My creative clutter-cleanup product idea:

Draw your design here

Part 3: Design Thinking (Plan Your Product)

- **Who will use your product?**

- **What clutter problem does it solve?**

- **What materials or features will it have?**

Part 4: Share & Reflect

- Share your idea with a partner or group.
- What feedback did you get?

- How could you improve your design?
